

# BARODA'S PRINCE GOES A-FISHING

Gaekwar Caught One of Finny Tribe and Ate It.

## FLYING TRIP TO CHINATOWN

Went to Los Angeles Theater and Got Six-Dollar Box for Four; Took the Maharani.

LOS ANGELES, Cal., July 6.—Had the two million odd "most humble and abject" subjects of his highness, the Maharajah and Gaekwar of Baroda, second richest and most powerful prince in India, but seen their illustrious sovereign, yelling like a boy because he caught a fish at Catalina, dispersing himself with juvenile enthusiasm at the wondrous sights about him, and finally climaxing the busiest day of his American tour by taking a flying trip to Chinatown, visiting joss houses and opium joints, holding gesticulating conference with awe-struck Celestials, and tasting the dubious-looking delicacies of the various Oriental restaurants, they would probably have been unable to believe their "unworthy" and horrified eyes.

Yet all these facts are true and royalty never relaxed itself more completely to the delightful freedom of a hospitable land than did this most august and—in his own country—awe-inspiring Prince of Baroda on his first day's stay in Los Angeles and vicinity.

The Gaekwar and his royal spouse rose early and with the busy secretary and his brother to guard him, left for Catalina. Before starting his highness made those in charge of the trip promise they would show him everything to be seen and right well did they keep their promise.

He took a ride in the grass bottomed boats and gazed with amazement at the wonderful submarine gardens. He was shown Pebble Beach, and was loud in its praise; he ventured into "Cove" and declared it an ideal spot for love making; he gazed with wonderment on Sugar Loaf.

His Highness Catches Fish.

He asked to be allowed to fish and was given the privilege. As if to oblige His Most Illustrious Highness and add to the perfection of the day, an accommodating fish allowed itself to be caught. At least that is the story, and to prove it the very fish was served to their majesties in the Alexandria's most approved style for dinner last evening.

Clerk Sibbald, Mr. Whitmore, and all the attaches of the hostelry earnestly assured the reporter that Baroda really did catch the fish. Finally to climax it all, his royal highness himself modestly admitted it. He admitted far more. He admitted that he saw wild geese, a real eagle and various other wonders of flesh and fowl that came out in gala attire to welcome the royal visitor.

The trip to Chinatown began at 8:30 o'clock under the direction of W. H. Learned in his automobile. Mr. Learned realized the importance of the occasion (and the advertisement thereof for himself and Chinatown) and made the most of the opportunity. He took the maharajah and the maharani into the queerest dens he could find, into restaurants and every possible place of interest.

"A very remarkable man is learned," Baroda said. "He does not believe his name. You see, I do not come to America often. So there is no reason why I should not enjoy myself. Meanwhile I am studying conditions of your wonderful country, and learning something."

At 11 o'clock the prince, tired of ordinary mortals, retired to his suite.

Gets Six Seats for Four Dollars.

The Gaekwar is pronounced a close business man by people with whom he has come in contact in a business way. His highness wished to go to the Hotchkiss Theater Wednesday night and had one of his suite go after the seats. The emissary was told box seats were \$1.

"How many seats in a box?" he asked.

"Six," he was told.

"Well, I take four, which will accommodate the Gaekwar's party, I suppose."

# Fears for Safety of Peary After Year in Arctic Zone

No Word Received From Explorer Who Sailed Last July in the Specially Designed Roosevelt for Dash to Pole.

On his last expedition to the North Pole July 16, 1905. At the time of his departure he expected to be gone not more than fourteen months, and the members of the Geographical Society were confident that, in the absence of any mishap to the party, they would receive some word by the last of May or the middle of June of this year.

Peary first attracted the attention of the scientific world by proving his contention that Greenland is an island. This was the most notable feat of the kind that ever ventured into Arctic waters. It was named the Roosevelt, and left New York July 16, 1905, with flying colors. It was constructed so as to resist the heaviest ice pressure, and if the party is at the present time aboard the ship they are safe. But the absence of any word gives grounds for fears that the calculations of the explorer have been faulty and that he is lost in the long Arctic night.

THE MAN WHO WILL PILOT THE SHIP

BOSTON, July 6.—The gravest fears are agitating the minds of the members of the American Geographical Society on account of the failure of any word from Robert E. Peary, who left on his last expedition to the North Pole July 16, 1905.

WIFE WANTS DIVORCE ON DESERTION GROUNDS

Mrs. Susie C. Reinburg has begun proceedings in the local courts for separate support and maintenance, on the grounds of desertion and cruelty.

She says her husband offered her \$50 a month for the support of herself and child and told her if she would not accept that amount he would give up his position and leave. On account of this Mrs. Reinburg has also applied for a writ to restrain her husband from leaving the jurisdiction. W. Gwyn Gardner is named as counsel for the petitioner.

COLORED BOY HANGED FOR ASSAULTING WOMAN

LEXINGTON, Ky., July 6.—James Pearsall, colored, aged eight years, was hanged at 6 o'clock this morning for criminally assaulting Mrs. Charles T. Buzor. The crime was committed seventeen months ago.

Pearsall said on the scaffold that he was innocent.

Summer Tourist Rates Via Baltimore & Ohio, on sale daily to Jersey Seashore resorts, Adirondack Mountains, Northern New York, New England, Canadian Provinces, Nova Scotia, Allegheny Mountains resorts, also to many Western points. J. ave. and C street for rates, routes, etc. They will be helpful to you.

# BOARD PROBING TYPHOID EPIDEMIC

Enlists Aid of City Physicians to Learn Nature of All Fever.

The special board appointed by Surgeon General Wyman, of the Public Health and Marine Hospital Service, at the request of the District Commissioners, to investigate the typhoid fever epidemic in the District of Columbia, has been very busy preparing plans for the investigation. It has divided the city into districts and in a day or two the work will be actively pushed. The board is now preparing a letter, addressed to the physicians of Washington, asking their co-operation and inviting them to make tests of the blood of suspected cases. These tests are to be made at the laboratory. The letter, which will be issued by the Surgeon General, will be made public tomorrow.

The suggestion made that the Public Health and the Marine Hospital Service take charge of the typhoid situation has met with favor among a large number of people, but such arrangement, however, could only take place with the approval of the local authorities. Should the Health Office make such a request it is not improbable that it would be complied with, but it is thought the special board which was appointed by the Surgeon General, under the authority of the Secretary of the Treasury, will be productive of much good and keep in check the tendency of the disease to spread.

# MOTHERS AND CHILDREN GIVEN AUTO OUTING

Associated Charities Take Stay-at-Homes Out for Spin Through Generosity of Motor Owners.

Several children, with their mothers, are being given an outing in automobiles today by the committee on outings of the Associated Charities. Through the efforts of the committee owners of machines have loaned them for the day, and furnished chauffeurs to take the stay-at-homes for one day's trip into the country.

It had been expected that several hundred mothers and children would take advantage of the opportunity for an automobile ride, but at 9 o'clock this morning, the hour the trip was scheduled to start, less than a dozen persons were at the headquarters, 811 G street north-west. Another trip was made at 2 o'clock this afternoon.

Do You Eat Pure Food?

During these days of pure food talk do you ever think of the condition of the food in your refrigerator? Do you realize that a poorly made refrigerator is a most dangerous poisoner; that it will contaminate everything placed in it; in addition to wasting many times its cost in ice? Make it a point to buy a good refrigerator; one with a reliable reputation.

The Bowen, New Progress, and Lenox Refrigerators are the best made. They are absolutely reliable in every way. We have never had a customer dissatisfied with one of these refrigerators during the entire eleven years in which we have had their exclusive agency. They are perfectly sanitary in every respect, and will save double their cost by their economic consumption of ice.

# KANN'S

THE BUSY CORNER

## 2,500 women's wash skirts at special prices

A manufacturer's entire stock

We purchased from a prominent manufacturer his entire stock of Wash Skirts at a price which will enable us to offer them below cost of production.

They are all fresh garments, made of dependable fabrics in the newest styles, most cases, we shall offer a full complement of Misses', Women's and Extra Stout Sizes, but in a few instances, we have the regular women's sizes, only.

NOTE—Owing to the special prices of this sale, we cannot agree to make any exchanges and must request you to consider each purchase as final.

Lot 1 at 98c. Actual value \$1.50.

These skirts are, without doubt, the greatest values we have ever seen for so little money. They are made from an excellent quality cotton cloth, in two of the best styles we have ever seen; one is a gored skirt, finished at bottom with graduated kilt, forming a flounce effect; the other is made with fancy panels in each side, trimmed with buttons and straps. Saturday morning, we shall have all sizes from 22 waist band, 34 length, to 36 waist band and 44 length. If you are any size between these, you can be assured of a perfect fitting garment. For your convenience, we shall sell these skirts on the bargain table, first floor, and on special tables in our garment department, 98c second floor. At . . . \$1.49

Lot 2 at \$1.49. Actual value \$2.25.

There are four different styles in this lot. They are made of Belgian finish linen and a handsome rep material. One of the best styles is a plain eleven-gored kilted model, made of both the linen and rep fabrics; it is especially easy to launder, and is stylish at the same time. Other styles are made of trimmed with folds and . . . \$1.49

Lot 3 at \$1.98. Actual value \$3.00.

Cannon cloths and union linens, made in the best styles of the season; some are plain, gored models; others are trimmed with straps or folds of material around the bottom, and still others are finished with trimming of embroidery or insertion; all are cut very full and finished with deep hem at bottom. Not a skirt is worth less than \$1. At . . . \$1.98

Lot 4 at \$2.98. Actual value \$5.50.

This lot consists of several different styles, made of Pure Linen, Union Linen, and Imported Rep materials. The models consist of circular effects, trimmed with deep folds around the bottom; high kilted models and fancy gored styles. They are tailored in a most effective manner, and at this price you should secure several. Not a skirt in the entire lot worth at least \$2.50, were they purchased as final. At . . . \$2.98

Lot 5 at \$3.98. Actual value \$5.50.

There are eight different models in this lot, and each one of an entirely different style. There are kilted effects, gored effects, and circular effects. The materials are of pure linens, or imported rep, of exceptionally fine quality. Some are reversible plain; others are trimmed with stitched strafe or with neat insertions. All of these skirts we should be obliged to sell for at least \$5.50, were they purchased as final. In the regular way, At . . . \$3.98

Lot 6 at \$4.98. Actual value \$6.75.

For the most part, this lot is made of fine handkerchief linen, a fabric usually considered too fine to use in wash skirts. The styles are the very newest, including several novelty kilted effects, but there are a few in gored circular styles, with trimmings of very fine fine insertions. At . . . \$4.98

Lot 7 at \$6.75. Actual value \$10.00.

Better skirts than these could not be purchased at any price. Beautiful handkerchief linen and butch-linens, in the finest texture imaginable; kilted circular and gored models, in a wide range of different effects. These skirts are so varied in style that we feel sure we can please even the most fastidious woman. Values as high as \$10.00. At . . . \$6.75
